Kurt,

Attached are a few copies of Chapter 11 bankruptcy notices for a mine operator (and their parent organization) that we currently hold permits on. These were part of a larger 20 page packets of Chapter 11 bankruptcy notices we received on March 14<sup>th</sup>. I had Joelle check our database records against these notices and came up with only one operator that we actually hold minerals permits on (Valley Asphalt Inc., *d.b.a.* Intermountain Aggregate).

I routed the packets with pertinent notes on this operator and his existing permits to Mary Ann on 3/15/02 asking for direction as to whether you or John Maycock should receive copies of same in case we need to take further action. She routed back to me this morning and asked that I send the pertinent copies to you for possible processing.

I have attached the 3 notices, 2 of the 3 reflect the parent entities to Valley Asphalt. I'm not sure how the hierarchy works, or if you even need to concern yourself with the parent organizations? Joelle informs me that Western Aggregates Holding Corp. is the parent of Western Aggregates Inc., which is the parent of Valley Asphalt Inc. I'm not certain how Intermountain Aggregate fits into this picture exactly.

Intermountain Aggregate (i.e., Valley Asphalt Inc.) has 3 active permits on file with our office as follows:

Lava Bench (S/023/006) – no bond <5 acre site

Lehi Quarry (M/049/031) - \$387,900 (American Home Assurance - surety bond, A++ rating)

Ekins East Quarry (M/049/032) - \$327,200 (American Home Assurance - surety bond, A++)

Please let me, Lynn Kunzler or Joelle Burns know if we can assist you in pulling information from the permitting documents, or in preparing a response to the Bankruptcy Court.

Thanks!

Wayne
